

Morgantown • 4805

Hi, and thanks for checking out our Sylvan Learning Website...

I'm Melissa Leasor, Center Director and it is my pleasure to introduce you to the Sylvan Learning Center in Morgantown, West Virginia.

Sylvan Learning offers educational enrichment and remediation programs in reading, writing, mathematics, algebra, geometry, trig, calculus, study skills and preparation for the ACT and SAT college entrance examinations. Programs are offered in our center

and "Live Teacher" On-Line delivery into your home via the Internet.

Sylvan programs are for students: who may be underachieving academically; students who are performing at grade level; students who are currently excelling but want to do better; and students that need or wish to obtain additional high school credit(s).

Sylvan programs feature:

- **Personalized Programs:** The Sylvan Skills Assessment pinpoints exactly where your child stands in the mastery of specific skills. Results of the comprehensive assessment enable us to create a personalized learning program, specifically tailored to fit your child's particular needs, strengths and learning style.
- **Sylvan Teachers:** Our certified teachers are concerned with your child's success. Working one-on-one, Sylvan teachers have the time to develop the academic skills necessary for your child to reach full potential. Check out our teacher qualifications here.

- **Measurable Goals:** At Sylvan your child's progress is charted after every visit and every student is reassessed periodically to ensure attainment of educational goals and skill mastery. Meetings are scheduled at regular intervals with you for our teachers to review your child's progress.
- **Motivation:** Patience, encouragement and praise are key parts of every child's Sylvan experience. In addition to verbal reassurance, Sylvan has developed a proven motivation system that helps give students a concrete sense of accomplishment. In the end, the motivation comes from the knowledge that they understand and can apply the skills they are learning. Success becomes its own reward.
- **Affordability:** Our prices are consistent with private tutors but with Sylvan you get much more and with our various payment options Sylvan programs are within every family's budget.

Now let me show you our Center...

Our center is conveniently located in the Mon West Plaza (Big Lots Plaza), 11 Commerce Drive-Suite 100, Morgantown West Virginia. Easley accessible at exit 152 of Interstate 79.

The center opened in May 2001 and has served over 1000 students in north central West Virginia.

The center provides an open and welcoming feeling that promotes the learning experience.

The instructional area is designed for *Sylvan's individualized instruction methods* and enhanced student-teacher interaction.

An important component of the *Sylvan Method* is the positive motivation and praise a student receives for their effort, mastery of skills and improvement in the classroom. Improvement certificates are posted in the center's lobby

Students earn tokens for effort, mastery of skills, and improvement in all areas. They can use the tokens at the Sylvan Store for toys and gifts. Students (of all ages) enjoy seeing their hard work pay-off.

By now you have had a chance to look at our web page (www.educate.com) and research Sylvan. I would like to answer any questions you may have on improved learning and better grades for your child. So call me today at (304) 554-3864 or 1-800-EDUCATE and we can get started today.

Oh, there is only one last thing that I would like you to see....

The happy faces of successful Sylvan Students
